

FUNERAL OF REAR ADMIRAL SCHLEY HELD

NAVAL HONORS SELDOM ACCORDED TO AN AMERICAN CHARACTERIZE.

WASHINGTON, October 6.—Naval honors seldom accorded an American characterized the funeral yesterday of Rear Admiral Winfield Scott Schley, who died in New York Monday. The body rested in the family home during the morning, preparatory to the private services at 1:30 o'clock. The public services were at St. John's Episcopal church.

Cadets from the naval academy at Annapolis, sailors from the naval stations at Washington and Philadelphia, light artillery and army bands from Fort Myer and Washington barracks and comrades and friends of the dead admiral composed the procession that escorted the body of Admiral Schley from St. John's church to Arlington National cemetery.

Imposing floral gifts filled St. John's church. These included a wreath from the survivors of the Greeley Arctic relief expedition, rescued by Admiral Schley at Cape Sabine in 1884, and wreaths from the Cuban legation and other sources.

PRESIDENT TALKS TO "OLD FOLKS" IN SALT LAKE CITY

SALT LAKE CITY, October 6.—President Taft spoke in the Salt Lake tabernacle here today to several thousand "old folks" gathered in the Utah capital in annual reunion. Probably the majority of them crossed the plains and the mountains from the east before the days of the railroad and telegraph, for when a request was made that all who had come west afoot or in wagon or on horseback, thousands of gray-bearded men and white-haired old women rose to their feet.

President Taft chose peace and the arbitration treaties for his subject and at the conclusion of his address U. S. Senator Smoot announced that he would not oppose the ratification of the proposed treaties with Great Britain and France.

PICTURES AT BUTLER TONIGHT ONLY 5 DAYS OLD

The program at the Butler theater this evening consists of pictures that are only five days old. "Arizona Bill," a drama of the early west, opens the bill. "A Counterfeit Bill," tells an interesting story of Miss Man Hater, Mr. Woman Hater and the little god who shoots arrows into hearts, unite to make this a dandy love comedy.

"Madame Tallien," a story of the reign of terror in France during the French revolution. "The Express Envelope," a fine scenic railroad story of a young girl operator who defied a gang of outlaws and was saved by a young engineer. Miss Carrag in new songs. Tomorrow we will show two great Biograph comedies.

MUSICIANS' BALL.

The sixth anniversary masquerade ball given by the Tonopah Musicians' Protective association, Local No. 426, A. F. of M., on Tuesday evening, October 10, 1911, at Miners' Exchange hall. Tickets \$1.50. Extra lady 25c. Leave your orders for costumes immediately at Rotholz Bros. stationery store, agents for San Francisco Examiner, Call and Chronicle.

R. T. Harris, John Kirchen and George Thatcher composed an auto party this afternoon for Goldfield, and will attend the J. Ross Clark banquet this evening.

STRIKE SITUATION IN THE WEST SHOWS NO MATERIAL CHANGES

**Troops Are Still on Duty In Mississippi
---Strikebreakers Arrive at Sparks
and Part of Them Have Already Quit.**

PORTLAND, Oregon, October 6.—It was stated at union headquarters today that the grand lodge of trainmen had issued instructions to all brakemen and switchmen to cease coupling Harriman engines and cars. It was also declared that the Harriman lines were approaching a complete tie-up.

When the unionists were informed of General Manager O'Brien's declaration that 670 men were at work in the shops in this jurisdiction, they smiled broadly and declared that less than 60 men are at work in the two Portland shops in which over 750 are normally employed, the figures must be incorrect. Harriman officials declared, however, that several hundred men were at work in Portland.

SAN FRANCISCO, October 6.—Aside from the success of the railroad company's efforts to increase the force of strikebreakers in the local shops, the shopmen's strike situation on this coast was relatively unchanged today. No opposition was made by the union pickets to the entrance of the new men into the yards last night, and R. L. Reguin, president of the federation, insisted today that order would be maintained at all times. Similar instructions have been issued to pickets at other coast points and so far the strike has not been marked by any disturbances.

Reguin said today that the men were standing firmly by their resolve, despite the company's ultimatum, which fixed a time for their return to work, expiring at midnight last night. At Oakland a big mass meeting of strikers was held last night, and Reguin said that only three men announced that they would accept the company's terms.

It is understood that the railroad now proposes to make every effort to fill vacant places in the shops. In this respect it is stated that a shipment of strikebreakers has been started for this city from the southwest. These men, skilled mechanics, it was said, had been gathered from points along the Mexican border. Union men reiterated today their statement that the big majority of the strikebreakers already arrived are not skilled men and that their coming had not helped the railroad to any extent.

Sympathetic Strike Talk

LOS ANGELES, October 6.—Leaders of the striking shopmen here announced today that advice they received this morning told of a sympathetic strike of union electrical workers in Oakland, Sacramento and Bakersfield, Cal., and in Las Vegas, Nev.

They declared that only two strikers here heeded the ultimatum of the Southern Pacific that they must return to work today or lose their standing with the company as the result of having walked out of the shops Saturday.

Oakland Situation Tense.

OAKLAND, October 6.—The strike situation here appeared to be growing more tense here today, with both sides strengthening their forces by all available means and preparing for a long siege.

The railroad officials are taking no chances of any disturbance from the outside. Representatives of the firemen, engineers, switchmen and of the clerical force now at work in the yards have been posted at each of the entrances and an alarm system has been installed so that in the event of trouble sirens may be set going. A system of signals has been arranged whereby the entire force of watchmen may be summoned to any particular point at a moment's notice.

Reading rooms for employees were opened today in observation cars, and shower baths and a barber shop have been installed in the yards. It is also planned to put

in a moving picture show in the dining room.

Carmen Return.
Reports from the head of mechanical department showed that 14 carmen had returned previous to the expiration of the company's offer this morning.

Another Fatality.

HOUSTON, Texas, October 6.—With what is probably the second fatality here in the Harriman lines strike starting them in the face, city officials today prepared for vigorous measures to prevent further clashes.

Meanwhile Frank Tullis, a Harriman line guard, lies near death from wounds that strikers say were inflicted by shots fired by fellow guards. The guards say the bullets came from beneath cars that faced the position they occupied. The shooting occurred early today near the shops of the Galveston, Houston and San Antonio railway.

SACRAMENTO, October 6.—Southern Pacific officials sent out warnings today to all stations on the Sacramento division, directing trainmen to inspect passenger train equipment for the purpose of detecting attempts to render useless stop handle-holds by the removal of screws which fasten them to the sides of coaches.

Cars sent out in the last two or three days show that the handholds were tampered with before leaving this city. In many cases the screws were loosened or removed so as to assure the hold breaking away with the usual weight.

The company in its warning draws attention to the fact that the lives of trainmen and also passengers are endangered by such acts of vandalism.

Military Patrol Increased.

McCOMB CITY, Miss., October 6.—The military patrol of this town necessitated by rioting growing out of the Illinois Central strike, was increased today by the arrival of five additional companies of troops.

At daylight a special train reached here with the Jackson and Greenwood companies and at 8 o'clock a provisional battalion of three companies arrived from Meridian.

There was no further disorder this morning. The soldiers are patrolling railroad property. Arrival of additional troops has revived rumors that the federal government is preparing to make an important move in connection with the enforcement of the injunction restraining interference with the Illinois Central railroad affairs.

SITUATION AT SPARKS QUIET

SPARKS, Nev., October 6.—One of the helpers in the machine shop who did not go out attempted yesterday afternoon to mend a flue in an engine when it had 150 pounds of steam on. He is now resting easily in the emergency hospital.

No sensations developed yesterday in the strike situation at Sparks. In fact, the stroller through the yards, if he had not been forewarned of the difficulty between the men and the Southern Pacific company, would not have been aware that anything out of the usual had taken place. The power house was belching forth smoke, the compressors were droning away and there were men at the machines in the shops, while trains were being dispatched on time.

Outside the new gate to the yards there were a number of pickets, but they were dignified and courteous in their salutations. They did not evidence any hostility to

The Daily Bonanza reaches the people.

ward the officials, for Mr. Hickey, who had occasion to leave the yard, was greeted with a pleasant "good morning."

Mr. Hickey, who is assistant superintendent and, as master mechanic, is bearing the brunt of the situation, as a lack of all train for he has a number of men to break in to unaccustomed duties. Despite his recent recovery from a severe attack of rheumatism, he is holding up well under the strain.

The dignified, but heedful attitude of the strikers is worthy of comment. The men who were ordered to strike, many of whom voted in favor of the proposition, are showing no evidence of displeasure at the company. They are merely holding out for what they believe to be their rights.

Belated train No. 5, which was behind a freight wreck, brought a number of strike-breaking machinists yesterday and they are diligently at work on emergency repairs and are said to be rendering good service. They are provided with meals and lodgings within the big fence, although the men who did not strike pass through the gate without molestation from the pickets. There is not even jeering or unkind words spoken.

At noon Wednesday the time elapsed when any of the former employees could return to work without losing their credits. Four of them came back, but the others are still holding firm.

According to official proclamation, the men who did not come back at the appointed time lose all hospital, pension and other rights and will not be considered for employment hereafter, despite the fact that many of them have grown old in the service of the company. It is possible that this rule will be modified and that some of them for certain good reasons, will be restricted to favor, but it is sure that there will be a weeding out process, for the company seems to be as determined as the strikers, and the trouble has now taken the dual form of walkout and lockout.

The union reports that of the nine strikebreakers who arrived from the east yesterday to take the places of the men in the Sparks shops, seven have quit. They are marine engineers and said that they did not want to take the place of strikers, but all that they wished to do was to make their way to the coast.

The six foremen in the shops, who remained at work when the men walked out, have quit. They were called out by the union. Two of the old men were allowed to remain at work as they are about to be pensioned and to quit work would lose them this benefit.

BASEBALL FIGURES

PACIFIC COAST LEAGUE.			
	Won.	Lost.	Pct.
Portland	102	69	.596
Vernon	109	76	.589
Oakland	101	90	.530
San Francisco	84	103	.445
Sacramento	82	104	.441
Los Angeles	77	113	.403

By beating the Brooklyn team yesterday, the New York Nationals won the National league pennant, which entitles them to play off the World's Series with the Philadelphia Americans. The date of the opening game will be Monday, October 16. These returns by innings will be received at the Butler theater daily.

DEMAND GREATER THAN SUPPLY

Should the price of frijoles take a jump in the near future the residents of Tonopah will understand the reason, as Eddie Addison's chili con carne is making such a big hit that on his opening night he was sold out early in the evening and was compelled to turn many of his customers away. Viva la chicken tomale, chili con carne Addison.

Wm. DeCourcy and Warren Richardson arrived this morning from Carson City.

GOLDFIELD BUNCH WILL BANQUET J. ROSS CLARK AND ASSOCIATES TONIGHT

Tonight the Goldfield bunch will banquet J. Ross Clark, president of the Las Vegas and Tonopah railroad, and his associates, at the Goldfield hotel grill. The occasion is a jollification meet to applaud the beginning of deep mining in Goldfield by the Merger Mines company, of which Mr. Clark is president and through his efforts and associates that unlimited capital has been secured to sink a shaft 2500 feet in depth. This gigantic mining development means much not only to Goldfield but the entire southern country. Invitations have been extended to many of our townspeople to attend this function, and several auto loads have already left and their passengers will help make merry at tonight's banquet. With the prosecution of deep mining the southern section destined to become the mining center of the world. Tonopah's largest ore deposits have been found at depth in strong ledges and from present indications these ledges must continue down to hundreds of feet. Goldfield will witness the same results as depth is attained. There can be no other outcome and capital must accomplish it, which Mr. Clark and his associates have assembled, to penetrate the bowels of the earth.

K. OF P. GRAND LODGE CONVENES

KNIGHTS OF Pythias.—RENO, October 6.—The Knights of Pythias, Pythian Sisters and members of the Dramatic Order Knights of Khorassan opened their grand lodge sessions in the Masonic temple in this city yesterday.

There are about 200 delegates present, all the temples and castles in the state being represented. Practically nothing has yet been done except organization and the appointment of committees.

The knights did a graceful act this morning, presenting the sisters with flowers and badges. This evening the favor will be reciprocated by a banquet tendered by the Pythian Sisters.

There are a number of visiting sisters who are not accredited to the grand lodge. The knights got rid of them for a time this afternoon by sending them on an auto tour to places of interest in and about the city.

This evening the Khorassans will celebrate in their dramatic fashion with a street parade. It promises to be a notable function. Tomorrow officers will be elected and routine business transacted.

BURGLAR WAS WAITING HER RETURN HOME

SALT LAKE CITY, October 6.—Returning home at an early hour this morning, Mrs. M. J. Brennan discovered that a burglar had impatiently been waiting for her, for he at once commanded her to deliver up the diamonds which she was wearing, valued at \$1200. As she took the jewels from her hand, the robber fired two shots at Mrs. Brennan, the bullets grazing her head. The burglar fled through the front door of the house while his victim cowered in terror in the hall.

DISLOCATES SHOULDER.

Robert Andrijasevich, porter at the Mizpah hotel, received a very painful injury yesterday afternoon by falling down the chute leading to the basement of the hotel.

Dr. McDonnell was called and upon examination found a very severe dislocation of the left shoulder as well as several smaller bruises. "Bob" will be out of commission about three weeks, but fortunately for him he purchased an accidental policy a few days ago in the Occidental insurance company, which took effect the minute he became disabled. It would be a wise thing for you to see W. L. Treweek or R. W. Moon and get one of these policies. They are cheaper to have and not need than to need and not have.

A CORRECTION.

In yesterday's issue of the Bonanza the type read that the closing quotations of Belmont on the San Francisco exchange reached \$8.70 and \$8.80. It should have been \$7.70 and \$7.80. The proof-reader still lives, but if it occurs again—

BENEFIT FOR YEOMEN AT THE BUTLER TONIGHT

PROGRAM OF EXCEPTIONAL MERIT WILL BE RENDERED.

Tonight at the Butler theater the big benefit for the Women of Woodcraft will take place. The members of this order have arranged a very fine program, made up of home talent. Miss Margie Macey will be heard in new songs. Master Brisell will sing one of his Irish songs. Mrs. Cleary will sing several new songs and several other acts will also be on the bill. Miss Carrag, the popular little singer at the Butler, has arranged several fine numbers and Manager Goodfriend has some new reel pictures which are only five days old. The pictures for tonight are: "Arizona Bill," one of those stories of the early days in the western country. "A Counterfeit Bill," a story of a man and woman hater and the little god of love called cupid, and how he brought them together. "Madame Tallien," a fine scenic picture of the reign of terror in Paris during the French revolution. "The Express Envelope," a fine Selig railroad story of a young girl operator at a lonely station who was attacked by bandits and saved by her sweetheart, a young engineer. There will be two shows. Tickets for adults 25c Children 10c.

YOUTHS INDULGE IN SCENES MOST DISGRACEFUL

Last night several boys, ranging from 16 to 19 years in age, became imbued with the liquid that cheers, and during the performance at the Nevada theater made remarks that they—as low as : were—would resent if spoken in the hearing of their mother or sisters. After the show one young boy, just 16 years of age, became so intoxicated that he lay upon the sidewalk near the A. B. C., unable to walk, and was later carried to his home. These boys are sold liquor and the guilty party or parties selling to them should be made to suffer the tortures of hell and their license taken from them. Last night's scenes and doings of these young men were disgraceful—even to a Barbary coast hoodlum. Let us hope it will never occur again. Owing to the prevalence of the parents and their humiliation the names of the young men are not printed.

Al Frevert, of the Hall Liquor Co., leaves tomorrow morning for San Diego on a duck hunting expedition.

Henry Nolte, advance agent of the Harry Carson Clarke theatrical company, arrived from Los Angeles this morning.

F. S. Hunt, of Hunt's Hygrade, returned from Goldfield today.
